— Online Abstracts Booklet — 1st chondrotissue[®] Lead Users' Update

BioTissue is happy to present the official abstracts booklet of the 1st chondrotissue[®] Lead Users' Update (Zurich, 10th-11th September 2010).

This exclusive collection contains numerous scientific, mainly unpublished data on clinical follow-ups and outcomes including postoperative histologies as well as MRI-based evaluations.

Thanks to all lecturers and participants from all over the world for turning those two late summer days into a scientific milestone in the history of BioTissue, proving our leading technology for cartilage regeneration.
